My dear Gunal,

This has reference to your letter dated the 25th August 1962, recommending the case of Sri.I.D. Aprachu, Ex-serviceman.

I have looked into this case and found that he is asking for a very costly site which is in a commercial area, and such sites should not normally be allotted to individual persons. I have, therefore, held up the allotment of this site altogether and I am intending to have this site auctioned. He can, however, apply for another site in the approved sites for building houses, which would be sympathetically considered.

I wanted to explain the position to the applicant, but I found that he had gone away after delivering your letter to me. In case the applicant approaches you, please be good enough to explain the position to him.

I hope this letter will find you in best of health.

Yours sincerely

(S.H. Ahmed)
